

6th September, 2021

TO WHOMSOEVER THIS MAY CONCERN

This is to certify that Akshay Kalapgar was a part of our Data Analysis team and worked full time from 22nd February, 2021 to 21st August, 2021.

During this period, he worked on the following:

- Performed analytics on client databases (Using SQL, Excel and Python) and created exhaustive report of the missing fields and incorrectly filled data
- Assisted in product development cycle by providing inputs to software development team
- Created dashboards for clients
- Performed analytics on the Amazon sale of tag8 products & the remaining inventory logistics
- Performed analysis on client data and identified and understood the gaps in the data for FAR building, built a logic to remove the gaps and conducted reconciliation for the same
- Prepared weekly analytical automated report for ATM feedback received for clients
- Prepared rich and comprehensive reports on Microsoft Power BI and Microsoft Excel tool for clients
- Resolved app issues for clients which prevented their smooth functioning, by visiting the client site and providing training to the clients
- Created concept presentations and demos for potential clients
- Analysed client business and its processes
- Engaged with client teams to agree on solution architecture

Akshay is diligent, self-driven and professional. We are pleased with his performance. We wish him all the best for his future endeavours.

Yours Sincerely,

Sanjay Chakrabarti
